Homework

It is important that homework is set appropriately and consistently throughout the whole school, and that both pupils and parents are clear about what is set and the school's expectations for its completion. The information below outlines the homework aims and expectations at Forton Primary School. Aims

- To allow parents greater involvement in their child's education and strengthen home/school links.
- To encourage the skills of reading through the sharing and discussing of books with an adult.
- To support the work carried out in the classroom, or prepare children for new topics.
- To provide reinforcement or development of times tables and spelling rules in order to further attainment.
- To nurture in our children a sense of responsibility and to develop in them good work-related habits, such as organisational skills.
- To provide a step on the road to becoming an independent learner.
- To reinforce the value of education within the family setting.
- To prepare older pupils for the increased workloads at secondary school
